NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Canal—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less! It looks better! Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 25 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating com. ound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe* and *brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make 8 to 10 bbls. of the Fluid in an hour.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering Agony, Wretchedness, and Ignor nce of the cause which

DISEASE, LIKE A THIEF,

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, APRIL 27, 1870.

"TRUTH CRUSHED TO EARTH WILL RISE AGAIN."

The public is not yet aware of the extent to which truth was "crushed" by those who were called before the late Bragg-Phillips-Scott Committee, appointed by the Senate to investigate charges of fraud and mismanagement in the Railroad appropriations. It is believed by all, and openly asserted by many, that a large number of the witnesses who went before that Committee not only evaded truth, but actually committed perjury.

The Governor's special favorites seemed to have been the deepest in, and to have sworn the hardest to get out of the difficulties that appeared at one time to be closing round them.

It is very certain that either Judge Watts or Tom Lee, the Governor's Boston Sheriff, swore falsely on some points; it is hard to suppose that a Judge would prevaricate, much less commit perjury, yet Sheriff Lee's evidence bears the marks of truth upon its face.

The Tartars, though great liars, are said to be truthful in two respects; they will not arrogate to themselves the glory of exploits they never performed; nor will they tell an untruth to a Judge. In olden times it was held to be a capital offense to speak lies to a Judge. The reverse should have been the law, for it is more criminal for a Judge to lie to the people than for the people to lie to the Judge, and the Judge who would do it ought to forfeit his head.

When Deputy Sheriffs Buck and Magein were taking young Utley and Holleman to jail last Friday, they told old Mr. Holleman it was done by Judge Watts' order. Judge Watts denied it afterwards; it is time the Deputies should let the public know who trampled on Truth in this instance, they or the Judge. We think, when the facts are known, truth will be found on the side of the Deputies.

But our purpose in this article was to aid in enabling the truth to "rise again," that was "crushed to the earth" before the Bragg Committee.

The evidence of Dr. Sloan before that Committee must have struck every one who has read it with astonishment. He says:

"After the defeat of the Atlantic, Tennessee and Ohio Railroad bill, I was approached by George W. Swepson, who offered me forty of the bonds to withdraw my opposition to the bill. I declined to do so, stating that the gauge was my main objection; he offered to conform the gauge to that usual in North Carolina, and also to give the forty bonds if I would withdraw my objection. I told him if he would conform the guage to the gauge of the N. C Railroad, I would take twenty of the bonds; thereupon the bill passed."

This is a dark looking story, and, if true, as disreputable as it is dark, and will damn Dr. Sloan in the estimation of every right thinking man in the State.

But there is another version of the story, which we repeat as we received it.

Dr. Sloan and Gen. Byron Laflin, (of happy memory,) were to receive between them $40,000 for services in getting through the Atlantic, Tennessee and Ohio Railroad bill. The bill passed but the Doctor didn't get his share of the promised reward.

Long after the passage of the bill, when the Governor, Treasurer Jenkins, Tim Lee, Moore of Chowan, Marshall Carrow and the "Ring," were in New York, Dr. Sloan received $30,000, or twenty bonds, to sign an agreement with all the other Railroad Presidents, to put their bonds in the hands of Henry Clews & Co., brokers, Swepson paid him the bonds in New York, and for the purpose stated; at least Swepson says so, and the circumstances prove it. It seems Swepson did not approach Sloan on that occasion, but Sloan approached Swepson through Andrew Jackson Jones. Jones informed Swepson and the Ring that Sloan would not sign the agreement for this deposit of the bonds with Clews & Co., because he had never been paid the share of the $40,000 that he was to have in regard to the passage of the Atlantic, Tennessee and Ohio Railroad bill. He intimated that he would come into the arrangement, if that matter was made satisfactory.

The Ring agreed and, through Swepson, paid Dr. Sloan the $30,000 in bonds, the Doctor signed the agreement, subject, however, to the approval of his Board of Directors, and when he returned home, he is said to have advised his Board not to sanction his act, and they refused accordingly.

We are aware of the risk we run in making these statements; for, if not true, we are liable to indictment and, on conviction, to the severest penalties of the law.

We are aware of the personal threats daily made by some of the Governor's friends who once mobbed Spelman's office, that we shall not talk as we do about the Governor and his friends. We tell the Governor's threatening friends that, as long as the Governor continues to act as he does and keep such men in responsible places as he does, we shall continue to talk as we do and write as we do.

We shall have something more to say on this subject to morrow.

NORTHERN MEN AS SOUTHERN REPRESENTATIVES.—The Philadelphia *Inquirer* (Republican), in an article on the recent Louisiana contested election farce in the House of Representatives, in which the claims of J. H. Sypher, "late of Pensylvania, later of Louisiana," were upset after being allowed, says:

"Let us hope that the South shall be so enfranchised by a general amnesty that it can select its own people to represent it upon the floors of Congress. What does a Pennsylvanian know of the political economy of Louisiana? Who can an alien represent there? The interests of that State are altogether divergent from those of Pennsylvania, and they should have an exponent and defender in the councils of the country thoroughly conversant with them. Reconstruction will prove the shallowest fraud in existence while citizens of the North pretend to legislate for those of the late Confederacy."

For the Sentinel.

MR. EDITOR:—Perhaps the underwritten verses may find some unneeded corner of your paper, the one that so bravely *Sentinels* Carolina's out posts, and keeps her foes at bay. If so, they seek position there, not through any intrinsic worth, or artistic beauty, but simply for the sake of the theme that called forth their lines.—a tribute to the memory of the hero of the war.

JACKSON.

War's ras on wing o'erspread a land,
And far and wide the battle cry
To arms resounded.
A people brave, but few, a patriot band,
The echo of the war cry caught,
Unfurled a youthful banner,
For right and truth and honor fought,
And showed the world
A Jackson.

Where'er that banner waved, its bearer, thou,
D ost onward lead with clarion voice
To death or victory.
With might and right together twined and graven
on thy brow
Between thy country and her foes,
A wall of stone, unyielding, firm
To summer sunshine ga, and to winter snows,
Thou, in thyself a legion,
Stood, Jackson.

But toll ye bells! toll, toll!
Ye hills, take up an echo of the knell
For Jackson fallen.
Roll on, ye battle thunders, roll
He hears no more your mutterings now,
For with the borred banner 'round him folded,
And a pale glory on his warrior brow,
In a soldier's grave
Lies Jackson.

All the bowing of thy warrior form, and the closing of thy *falcon eye*
Whined the star of thy country's glory, Jackson,
And drooped its banner.
'Tis furled now, that banner; pet a sigh
For thee who bore it, till death's arrow found
A home within thy warrior heart, breathe we.
'Tis well, its blood quenched stars thy narrow mound
Bless from thee, and thou,
Sleepest Jackson.

MARY COURTNEY.

BEN BUTLER INTRODUCED TO A CANDID YOUNG LADY.

(Cedar Keys (Fla.) Correspondence N. Y. Sun.)

We were to-day sitting on the wharf here, wondering if the steamship Florida, of Marshall O. Roberts' irregular line for invalids' would ever arrive from Mobile, and take us to Tampa Bay. Mrs. Anderson, a vivacious and interesting young widow from Louisville, Ky., was one of our party. She had come to Cedar Keys with Mr. Yulee's family. Mr. Sexton made a remark, while conversing with Mrs. Anderson, that aroused Mrs. A., or in other words drew her out.

"When I was in Washington recently," said Mrs. Anderson, "a lady friend of mine was walking in the capitol, accompanied by Chief Justice Chase. The young lady was about 19 years of age. Butler met Chase, and, after making a few prefatory remarks, inquired, addressing Chase:

"'Won't you introduce me to your fair friend?'

"'Certainly,' replied Chase, and thereupon he introduced General Butler to the young lady, who slightly nodded her head. Butler, evidently struck with her beauty endeavored to be very agreeable.

"'That is a beautiful flower,' he remarked, addressing the young lady, who held a lovely japonica in one hand; 'won't you present it to me?'

"'It is a Japonica and not a silver spoon,' replied the young lady. With that she dropped the flower on the pavement and put her little foot upon it. Subsequently she burst out crying, and apologized to Chief Justice Chase for her conduct, and said that she felt such a dreadful repugnance for the man that she could not do otherwise than as she did."

A WAIL OF GENUINE AGONY—MELANCHOLY PICTURE OF NATIONAL DEGRADATION AND DISHONOR—NASBY NOWHERE.—Down! Down!! Down!!! During the whole nine years of Radical rule! The proudest, freest, most enlightened, prosperous, and happy nation on the globe, in 1860. The lowest, basest, poorest, most utterly brutalized and enslaved, in 1870! Cotton-field niggers legislating for the descendants of the Washingtons, the Randolphs, Hamptons and Lees! A Pennsylvania nigger befouling the seat of Pickens and Pinckney, on the Supreme Bench of South Carolina! A nigger barber scrawling his boorish X mark on the legislative enactments of Louisiana as Lieutenant Governor, and President of the State Senate! A nigger cabin boy signing the commissions of congressmen, sheriffs, and circuit-judges, as Secretary of State of Mississippi! And a thievish nigger preacher grinning and combing his lousy wool, in the place once filled by the hero, statesman, and patriot, Jefferson Davis, in the United States Senate, so called. While a leprous, ulcer-eaten Senator and Ex-Governor congratulates his associate blackguards, and the country on the change!

God of the ruined and the desolate!—Was ever a people so fallen before? Men of the North! Men of the South! Americans! Countrymen! Fellow slaves! Awake! Arise! Shake off your lethargy, and face the Truth! Give the bellions who've wrought the horrid change a little longer lease of power, and no Gabriel in all the wide universe, though he should split his mighty tooter, can ever sound a blast powerful enough to resurrect us from the tenfold political death and damnation to which we're doomed! Cease your dastardly truckling and yielding to the death—deserving conspirators who have usurped the government! Cease your infamous tompanizing, your cringing and your fawning! Set your face, like stubborn steel, against them and all their accursed schemes!

Remember that they are your enemies—the enemies of the Republic—enemies of the Constitution—sworn foes of liberty—foes of God, and of common humanity! Encouraging them, "conciliating" them, is tampering with your own destruction!—They must be overthrown, annihilated, or you, we, and our country are eternally undone!—*Lexington (Mo.) Convention.*

WHITE SLAVERY IN THE NORTH—A WHITE BOY KEPT IN SLAVERY ON A REPUBLICAN FARM.—A strange story is related by the Charleston News of the 19th: "A youth named George Siller arrived here day before yesterday, and yesterday left for Camden. He stated that in April, 1865, when the Federal cavalry passed through Camden, they took him prisoner, he then being eleven years of age, and carried him off to a Northern prison. After the conclusion of hostilities, a Captain of the army carried him to his farm in Pennsylvania, and made him work as a common farm hand, until a week ago, when he managed to escape. George did not know when here what had become of his family, as he had not heard from them since his capture." If this indeed be true, it completely throws into the shade the story that has been circulated quite extensively in the Northern Radical papers, of negroes in the interior of Alabama still held in slavery by their masters, and kept in ignorance of the emancipation proclamation.

Charleston, S. C., is astonished at the present weather. The Mercury says: "It is the most wonderfully anomalous that we have known for a hundred years. Our fires are kept up now, when we are in the closing days of April." The planters are alarmed, and complain that they are "thrown back a month in their operations." The "cold snap" extended as far as Florida.

MEETING IN HOUSE CREEK TOWNSHIP.

A meeting of the Conservatives of House Creek Township was held at Spikes's, on Monday 25th inst. The meeting was organized by calling Reuben Fleming, Esq to the Chair and appointing J. D. Hayes Secretary.

On motion of Wyatt Holleman Esq., the following gentlemen were appointed a committee to draw up and submit resolutions for the consideration of the meeting: Dr. W. P. Forrest, Alvin Betts, W. A. Rogers, J. Y. Chapel, George Lynn, W. Deans and W. S. Tucker.

The committee retired; when Col. Faribault being called on, addressed the meeting in an able an eloquent speech. Capt. De Carteret was also called out and addressed the meeting at some length exposing and showing up the extravagance, and frauds of the Radical party.

The committee then returned and reported the following resolutions, which were unanimously adopted:

Resolved, 1st. That the people of North Carolina have given to the Republican party a full and fair trial, and they have failed in every department of the government; more for the want of integrity than ability.

Resolved, 2nd. That the report of the Committee known as the Bragg Committee, shows great corruption in the Legislative, Judicial and Executive branches of the government. The corruption of Judge Watts is shown by the evidence of Sheriff Lee. Executive corruption is shown by the long continuance of Dr. Sloan and Milton S. Littlefield in office when corruption is shown and proven upon them.

Resolved, 3rd. That the recent sale of the public school lands of the State at 16½ cents per acre, is and shou'd be regarded as a fraud upon the whole people of the State.

Resolved, 4th. That the sale of the North Carolina Railroad bonds by the State Treasurer to Geo. W. Swepson for sixty-five cents in the dollar, was fraud number two.

Resolved, 5th. That the purchase of 8,000 acres of land for a Penitentiary, was fraud number three.

Resolved, 6th. That the passage by the Legislature of Railroad bills appropriating $26,000,000 was fraud number four, and we have no idea of submitting to be taxed to pay these fraudulent bonds.

Resolved, 7th. That the Revised Code, with county Courts is cheaper and better for the people than the new Code with county Commissioners in constant pay.

Resolved, 8th. That the costs and charges allowed to clerks, sheriffs magistrates and constables, under the present system, will oppress and keep poor any people who will submit to it.

Resolved, 9th. That the expulsion of John T. Deweese from Congress should not be a reproach or reflection on the District, as he did not represent either its virtue or intelligence.

Resolved, 10th. That in the late controversy between the Bench and Bar, the Bar was wholly in the right and the Bench wholly in the wrong.

Resolved, 11th. That the public drunkenness of the Judiciary has become a reproach to the State and calls for condemnation and reprobation by the people.

Resolved, 12th. That we disapprove of all lawlessness and mob law.

Resolved 13th. That we shall endeavor to cultivate kindly relations between the black and white races.

Resolved, 14th. That the arrest of James Utley and James Holleman, white men by two negroes, who are neither State or county officers, was not calculated to promote good feeling between the races.

Resolved, 15th. That the imprisonment of these two young men in the common jail without a hearing on Friday last, was an outrage upon the rights and liberties of the citizen, and calls for the just indignation of all men upon Judge Watts and the officers of the law who committed them.

Resolved, 16th. That the pardon of William Beattie, by the Governor in two hours after his conviction for stealing a mule and horse from our neighbor Wyatt Holleman, was an abuse of the pardoning power not contemplated by the Constitution.

Resolved, 17th. That in our opinion there can be no material or moral improvement in the State, under the present incompetent and corrupt administration, and we are determined to use all proper and lawful means to rid ourselves of it.

Resolved, 18th. That the University of North Carolina stands a reproach to the Governor and his administration, as does the unfinished Railroads and the ruined condition of our State bonds, of which he and his administration have had the custody and keeping.

Resolved, 19th. That it is high time that the government of North Carolina should be in the hands of North Carolinians, and that strangers, such as Abbott, Ashley, Heaton, Laflin, Deweese, Brewer & Co., be required to deport themselves more after the manner of guests than arrogant lords.

Resolved, 20th, That we believe it to be to the interest of the State to call a Constitutional Convention at an early day for the purpose of remodeling the Constitution.

The following nominations for Township officers were then made and endorsed by the meeting:

For Magistrates, R. Fleming, J. Q. Williams.

For Clerk, W. S. Tucker.

For Constable, G. W. Lynn.

For School Committee, J. H. Rogers, J. D. Hayes and A. Betts.

On motion of W. Holleman the Chair was requested to appoint delegates to the County Convention to be held at some future day. The Chair appointed Messrs. G. W. Norwood, J. H. Rogers, J. Y. Chappel W. S. Tucker, Henry House, Gid Emery, K. Jones, J. M. Forest, W. E. Forest, J. D. Hayes, Dr. W. B. Forest, Nelson Hill, W. R. McDade, Geo Lynn, J. M. Fleming, Gaston Mooneyham, D. H. Dean, J. W. Harp, J. Q. Williams and W. A. Rogers.

On motion resolved that the proceedings of this meeting be furnished for publication in the Raleigh SENTINEL.

Messrs. High, Fleming and others were successively called on, who addressed the meeting in short and appropriate speeches.

Then, on motion, the meeting adjourned.

REUBEN FLEMING, Ch'm.

J. D. HAYES, Sec'y.

A New York correspondent tells the following tough story; "At some of the balls which have recently been given, special accommodations were made for ladies accompanied with babies. One large room was changed into a nursery, and provided with cradles and cribs, so as to look more like a foundling hospital or the infant department of an orphan asylum, than anything else. The other night a party of young men, by some means, obtained admission to the baby department of the ball, and set themselves to work at changing the babies. No less than fifty infants, between the ages of four months and four years were changed in as many seconds, and the party made their escape just as the anxious mothers, fresh from their triumphs of the German, were making their way to the nursery to visit and refresh their 'tooty wootsies.' Such a scene as took place! The walls of the cherubim rose above the swell of the orchestra; but I am glad to be able to add that the proper babies found their proper mothers in good time."

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than **450,000** of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the good prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and fastest.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch gua anteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, APRIL 27, 1870.

Mr. Isaac N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—Julius Lewis has received a new lot of cooking stoves, French stamped ware &c. Give him a call.

Douglas Bell announces the arrival of a supply of good flour.

Martin and Finch, General Agents Widows and Orphans Benefit Life Insurance of New York, make an interesting announcement to those that wish to insure and to the public generally. Read it and see for yourself.

Capt. J. Q. DeCarteret by invitation, will address a meeting of the citizens of this County, at Wiley Lynn's (Pollards) on Friday, 29th inst.

We have no doubt that there will be a large turn out and that the Captain will acquit himself to the satisfaction of all present.

Laura Keene.—It is astonishing how perfectly one may acquire the art to sway the hearts and thoughts of others. Mr. Webster once said that true eloquence did not consist in speech; labor and learning might toil for it, but they would toil in vain. Words and phrases might be marshaled in every way, but they could not compass it. It must exist in the man, in the subject and in the occasion. It comes, if it come at all, like the outbreaking of a fountain from the earth, or the breaking forth of volcanic fires with spontaneous, original, native force.

We were in at Tucker Hall to witness only a part of the performance of "Hunted Down," by Laura Keene and her Company, on Monday night, but long enough to see how a little woman, by her eloquence and faithful personification of character and delineation of the passions, could captivate and enchain the attention and sway the hearts of men. This she did by her clearness of enunciation, earnestness and force of manner, and perfect freedom from stage affectation.

We expected to see in Miss Keene an accomplished actress; one that would gain the attention and elicit the applause of the audience, but we did not expect to see her command and sway and melt the hearts of staid men of business, men accustomed to the every day actualities and inured to look upon most things, except their own peculiar hobbies, as fictions, as we saw her do on Monday night.

Prominent in the audience and near the stage, we noticed a grave, stoical looking elder of the Church, and near him a distinguished member of the legal profession. They were both particularly charmed and affected, the former frequently applying his handkerchief to his face, of which he seemed a little ashamed, as an exhibition of weakness, until he discovered his neighbor, the legal gentleman, similarly affected.

We mention the incident to show how thoroughly Miss Keene was enabled, by her acting, to control the feelings of the audience.

Last night the Company gave "Our American Cousin," in which Miss Keene, as Florence Trenchard, was equally well received and equally successful, and in which she was well sustained by all the members of the company.

To-night the popular Comedy of "London Assurance" will be produced, and every body will go to see it.

Good Move.—We notice that the work of repairing the cisterns on Fayetteville street is being attended to by the city authorities. There ought to be several others made at proper intervals throughout the city.

Runaway.—A horse hitched to a buggy, belonging to Col. Russ, ran off in Fayetteville street, yesterday afternoon and smashed the buggy. No one hurt, because *there was no one* in the buggy at the time.

That Lamp.—On further consideration and inspection we have come to the conclusion that the new lamp post we spoke of a few days ago, though somewhat encroaching on the sidewalk, is located for the best advantage for lighting the contiguous streets.

Mr. Editor.—Please say to the ladies of Raleigh and the surrounding country, through the Sentinel that I have a beautiful lot of bonnets, hats, ribbons, flowers and other goods in my line on hand, to an inspection of which they are respectfully invited.

MRS. M. E. BEASLEY,
Over Pescud's Drug Store.

The above is true in respect to the amount and variety of beautiful goods on hand; let the ladies go and see for themselves.

Johnston County Convention.

We are requested to give notice that there will be a Convention of the Conservatives of Johnston County at Smithfield, on Saturday, May 14th, to take steps in regard to the approaching campaign. All who are opposed to the present corrupt and extravagant State administration, are invited to participate, without regard to race or color.

MANY CITIZENS.
April 19th 1870.

Deserving of Confidence. There is no article which so richly deserves the entire confidence of the community as "*Brown's Bronchial Troches.*" The Troches have received flattering commendations from the most celebrated Clergymen, Lawyers, and Public Speakers, who speak from personal experience. Those suffering from Asthmatic and Bronchial Diseases, Coughs and Colds, should try the Troches.
ap 24 codlw.

Another Giant Stride has been made in chemical science. Phelon's Vitalia or Salvation for the Hair, is an astonishing improvement on all preparations for restoring the natural color of gray hair, heretofore known. It is colorless, cooling, limpid, inodorous, and never-failing, and has no sediment. Sold by all druggists and fancy goods dealers.

More Ku Klux Outrages.—On Saturday afternoon last, Mr. Simon Holly, residing near Holland's Church in Wake county, had his house broken open and all his wearing apparel, boots and other articles stolen, while he and his wife were planting seeds in their garden about two hundred yards from the house. A negro who had been seen going towards the house, was afterward met by persons in the neighborhood, with the clothes and boots in his possession, coming towards Raleigh. The police of the city were put on the track but, if he came to Raleigh he was not seen by them. It is likely he changed his course.

On the same (Saturday) night, some thief stole a fine horse from the stable of Allen Adams, Esq., in the same neighborhood.—Mr. Adams got on the track and pursued the thief so closely that he jumped off and abandoned the horse, after going ten or twelve miles.

On Friday night last, our old friend, James Litchford, had his pantry broken into and nearly all the provisions of flour, butter, lard &c., carried off.

We hope the *Standard* will add this short list of outrages to its "record," and mention at the same time that some rogue broke into our kitchen and smoke house both, last week, but didn't find anything worth stealing.

"Wisdom crieth without; she uttereth her voice in the streets," at least, some fellow who lays claim to a considerable share of wisdom, has been uttering his voice in the streets of Raleigh for some days, telling all who would listen, that he alone possessed the long sought secret which quacks and mountebanks have pretended to have discovered—the art of curing speedily and permanently, that fell foe to human life, Consumption. And many of the credulous believe him; and some of them are so accommodating as to take the disease in imagination for the pleasure of giving him a chance to try his art upon them.

We know no sensible persons will have anything to do with such nonsensical pretensions; let all the other sort go ahead, it will make very little difference so far as the general prosperity of society is concerned.

The attention of Railroad men is called to a circular, recently published by the National watch Company, containing testimonials of the correct running of the Elgin watches upon Railroad trains, from the Superintendent of the Pennsylvania Central, the Philadelphia & Erie, the Chicago, Alton & St. Louis, the Chicago, Burlington & Quincy, the Union Pacific, the Michigan Central, and Michigan Southern, the Hudson River, the New York Central, the Chicago, Rock Island & Pacific, the Chicago & Northwestern, and the Winona & St. Paul Railroads. It seems to be a recognized fact among Railroad men that the Elgin Watch is the best Railroad time keeper yet made.

Change.—The old familiar head of Mrs. Bumpass's paper in Greensboro', "the *Message*," has been changed to that of the "Olive Branch," Mrs. F. M. Bumpass, editress, assisted by Rev. A. W. Mangum. On making this change the editors make the following announcement, which we copy, as requested, with pleasure, at the same time commending the *Olive Branch* to the patronage of the public:

TO OUR EXCHANGES AND PATRONS.

The name of our paper is changed. We ask for a kind and candid review of our columns, convinced that they contain much that will interest and profit every worthy reader. In them will be found nothing to vitiate the taste or the feelings, but much that will elevate, instruct and refine. They will furnish first class selections from other periodicals of the highest standing; fresh and timely original articles on moral and religious subjects; news from the churches all over the world; items of news, rare, racy and refreshing, about varied enterprises and interests, both domestic and foreign; personal mentionings about friends and strangers; readings for the Home Circle, for the children and youth &c., &c.—While loyal to the doctrines of the Methodist Church, the paper will evince not only courtesy but christian charity towards all sister denominations. The *Olive Branch* is not a church paper so much as a catholic religious paper, seeking to lead all who will read it to a better understanding of the religion of the blessed Savior and to more devotion and a higher experience in the things of the Spirit. We invite our exchanges to insert this notice with our terms—$1 per year, semi-monthly; and we solicit the kindly help of our patrons.—Give us a fresh start and we will do you and others good.

Dr. Tutt's Celebrated Expectorant No Mystery How it Acts.

First it detaches from the bronchial or wind tubes the mucus or matter which, sometimes adheres to them with the tenacity of glue. Secondly, It mitigates the pain and removes the constriction of the bronchial tubes and muscles of the chest. Thirdly, It resists the progress of inflammation and assists the lungs to throw off the irritating matter which accumulates.

Infection in the Air.

Experimental chemists have repeatedly analyzed the air a unhealthy seasons, in the hope of detecting the invisible virus which produces epidemic diseases. They have not yet discovered it and scarcely any two of them agree as to its nature. This is of little consequence. It is sufficient to know that this poisonous principle exists, and that a safeguard against its insidious influence has been provided. In the spring and early summer, when fever and ague remittent fever, and other periodical diseases of that class are prevalent, it is only necessary to fortify the system with a course of Hostetter's Stomach Bitters to escape them. If this precaution has been neglected, which it never ought to be in any district liable to such visitations, and if the paroxysms of malarious fever have actually commenced, they may always be checked and broken up by a course of that powerful vegetable tonic and alterative. Quinine was once considered the only specific for chills and fevers; but it is now generally admitted that this nauseous alkaloid is a dangerous medicine, and that its secondary effects are more to be dreaded than any form of intermittent fever. It is simply a tremendous astring nt. It does not touch the disordered liver, or regulate the bowels, or in any way improve the condition of the animal fluids. Hostetter's Bitters, on the other hand, in addition to being a better and safer tonic than any preparation of quinine, has a balsamic effect upon the whole system. It is aperient and sanguiferous, as well as directly invigorating, and purifies the secretions as well as regulates the secretive organs. It stimulates the appetite, strengthens the stomach, soothes the nerves, promotes healthful perspirations, and induces quiet sleep. As a stomachic it has no rival.—Cases of indigestion that no other tonic seems capable of alleviating, are cured by its regular use.

WILMINGTON NORTH CAROLINA LIFE INSURANCE COMPANY.

—[o]—

BOARD OF DIRECTORS:

JOHN DAWSON,
ALEXANDER JOHNSON, Jr.,
Capt. JOHN E SPEARMAN,
Cap. I. B. GRAINGER,
B. F. GRADY,
Dr. C. T. MURPHY,
Col. I. A. POWELL,

OFFICERS OF THE COMPANY:

JOHN DAWSON.....President.
B. F. GRADY.....Vice President and Treasurer.
ALEXANDER JOHNSON, Jr.....Secretary.
Dr. E. A. ANDERSON.....Medical Director.
Wm. A. WRIGHT and C. M. STEDMAN.....Attorneys.
Hon. ELIZUR WRIGHT.....Consulting Actuary.
Rev. B. F. MARABLE.....General Superviding Agent.

THE PRINCIPAL OFFICE OF THE COMPANY IS LOCATED IN WILMINGTON, NORTH CAROLINA, No. 5, NORTH FRONT STREET.

The Company was chartered by the Legislature of North Carolina in February 1869. The Charter is perpetual, and is very liberal in its provisions.

CAPITAL STOCK $300,000,

WITH PRIVILEGE TO INCREASE IT TO

$1,000,000.

The Board of Directors beg leave to say to the people of North Carolina, that this is emphatically a "**HOME INSTITUTION.**" The Stockholders are all North Carolinians; the members of the Board of Directors are all North Carolinians; the officers of the Company are ALL NORTH CAROLINIANS; and the Agents of the Company are all North Carolinians.

Most of the States of the Union, in which Insurance Companies are located, require a heavy deposit from Companies located in other States before being allowed to do business in them, and the Board of Directors of this Company, believing that it was nothing more than "EVEN HANDED JUSTICE" that the Legislature of North Carolina should pass a law requiring such Companies located outside of this State to make a deposit with the Treasurer of the State before being allowed to do business in it, petitioned the Legislature at its late session for the passage of such a law; but that Honorable body turned a deaf ear to our humble petition and refused to do so. Now, we humbly submit that if it is just and right that Insurance Companies LOCATED IN NORTH CAROLINA should be required to make a deposit with the Treasurer of any of her sister States before being allowed to do business in them; then it is equally just and right that Insurance Companies located in such sister States should be required to make a deposit with the Treasurer of North Carolina before being allowed to do business in this State. The Legislatures of other States afford

PROTECTION TO THEIR INSURANCE COMPANIES,

and why in the name of common justice should not the Legislature of North Carolina do the same thing? Has the time not yet come when the "Rip Van Winkle of the South" should wake up? Are the people of the "Good Old North State" to remain forever behind their neighbors in the MARCH OF IMPROVEMENT? Why is it that we cannot establish Institutions of our own and protect and support them, and thereby keep our money at home to benefit our own people, in the same manner that the citizens of other States do? Look at the hundreds of thousands of dollars which go out of the pockets of the people of North Carolina annually, to enrich the Insurance Companies and benefit the people of other States; and what is worse than all, it goes to benefit the people of States which refuse to allow NORTH CAROLINA INSURANCE COMPANIES to do business in them, without making a heavy deposit. We have not a single word to say against the Insurance Companies of other States; but as the Legislature of other States afford protection to their Insurance Companies, when such companies in this State are refused protection by our Legislature, we humbly submit that it is the duty of the people of the State to patronize and SUSTAIN OUR OWN COMPANIES; for in doing this they are but simply doing justice to themselves.

The Board of Directors and Officers of this Company assure the people of North Carolina that the Company commences the work of Life Insurance upon a SOUND AND RELIABLE BASIS; and they hereby pledge their honor that the management of the affairs of the company shall be such as will give perfect security and safety to all who may patronize it.

Our Table rates were calculated by the Hon Elizur Wright, the world-renowned Actuary, and may be relied upon as being correct.

This being a "HOME INSTITUTION," we have no long list of Directors and Stockholders, composed of distinguished gentlemen of other States to spread before you; but we have a respectable list of Stockholders, all of whom are North Carolinians, and a large portion of them will be recognized as being some of the BEST CITIZENS OF THE STATE. Nor have we a long array of names of eminent gentlemen abroad to refer to; but we respectfully refer to the good citizens generally of this community.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

UNPRECEDENTED SUCCESS

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES for those in use, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.
